Remarks:			
<p>The attached concerns OXCART mission BX 6713 which was recalled prior to first refueling after receipt of 417 satellite weather information indicated that the weather over the primary target area had changed from Category II - III to Category V. (Apparently there was a rapid local weather shift.)</p> <p>We have alerted a mission for today. Forecast weather is Category II - III at the moment. We will be looking at updated weather later in the day.</p>
